In the gym, in the studio and in the ring: the different sides of Mark Angel Sadang.

Mark Angel Sadang's photographs connect gym preparation with action in the ring. A black-and-white studio portrait offers a quieter counterpoint to the exchanges.

Gloved boxing and bare-knuckle combat both appear in the selection, with distinct captions. The posters document bout announcements; they do not establish results.

His sporting archive also includes bare-knuckle boxing: BKFC's official profile documents an appearance against Matin Safari in Dubai on 5 April 2025, under the nickname Deadshot. This is a separate discipline from his professional boxing record. The training, studio and ring photographs on this page show those different settings without combining their results.
